Inflatable Dinghies

SUNSPORT

Well Equipped

All SunSport inflatable's come with oars, foot pump, repair kit, wooden seat and manometer.

Carry Handles

There are four to six (dependent on dinghy size) carry handles positioned to make the dinghy easy to carry for one or two people.

Rubbing Strake

The strake is designed to take the knocks and provide the best protection possible for the inflated tube.

Oarlocks

SunSport's ingenious oar lock system allows the oars to be screwed in to the lock preventing any chance of oars being lost.

The SunSport range of inflatable boats are available in three models: Slatted Floor Boat, All-Inflatable Boat and All-Inflatable RIB with Deep V-Bottom. Ranging from 2.20 to 3.49m in length, the boats can carry up to 5 persons and can be powered by Mariner outboards up to 15hp. These affordable, go-anywhere boats are easy to store without taking up a lot of valuable space as well as being easy to transport and launch.

SF Range

2.2M - 2.4M - 2.6M

- Orca 1100 Decitex Polymer tubing
- Euro-style tubes for more room
- 2 separate air chambers
- 4 easy grip handles
- Lightweight and easy to carry
- Motor mount plates
- Locking oars included as standard
- Removable wooden seat
- One way drain plug
- Robust rubbing strake

These simple, slatted floor dinghies are perfect for ship-to-shore trips. They are simple to inflate and pack up compactly to be stored. The broad wooden slats keep cost to a minimum, make assembly simple, and the slats provide a solid feel under foot. A robust seat and effective oar / rowlock assembly, makes rowing perfect for short haul trips.

AIB Range

2.3M - 2.7M - 2.9M - 3.2M

- Orca 1100 Decitex Polymer tubing
- Euro-style tubes for more room
- 3 separate air chambers
- 4 easy grip handles
- Lightweight and easy to carry
- Motor mount plates
- Locking oars included as standard
- Removable wooden seat
- One way drain plug
- Robust rubbing strake
- Fuel tank strap

The flat air deck make these craft the ideal yacht tender. The 265-290-320 K have an inflatable keel to increase directional stability under power and when rowing. The air deck offers not only a robust flat surface to stand on, but also extra buoyancy in the craft. There is also an on deck strap to secure a fuel tank.

ARIB Range

2.3M - 2.7M - 3.2M - 3.5M

- Orca 1100 Decitex Polymer tubing
- Euro-style tubes for more room
- 3 separate air chambers
- 4 easy grip handles
- Lightweight and easy to carry
- Motor mount plates
- Locking oars included as standard
- Removable wooden seat
- One way drain plug
- Robust rubbing strake
- Fuel tank strap
- 3 towing eyes
- Deep V hull and trim tabs

The 230 and 270 are ideal yacht tenders / dinghies, where as the 320 and 350 are performance sports boats in their own right. All 4 craft have the same 2 compartment air deck, deep V hull shape and built in trim tabs / hull extensions, that improve performance and give additional buoyancy for heavy motor options. The deep V hull shape gives unrivalled ride and directional stability. There is an on deck strap to secure a fuel tank

Kayak Range

3.5M Narrow & Wide Body

- Orca 1100 Decitex Polymer tubing
- Euro-style tubes for more room
- 3 separate air chambers
- Motor / tiller mount plates
- Removable inflatable seat
- Lightweight and easy to carry
- Oars included as standard
- Robust rubbing strake

These new SunSport Kayaks are built to give you lots of fun on the water without breaking the bank. There are two models both 3.5m long. The Narrow Beam model comes with a soft tail and a detachable outboard bracket (max 4hp), whilst the Wide Beam model has a solid transom that can take up to 6hp. They come complete with paddles to complete the package.

If you're looking for clean, quiet and reliable power, nothing performs like a Mariner four-stroke outboard. No other engines offer the same combination of smooth, smoke-free operation, proven technology and unparalleled corrosion resistance. No other engines offer the same heritage of race winning power.

Mariner four-strokes offer a greater boating pleasure than ever before.
