HSUN

SECTOR

The HiSun 5 kW Electric UTV is a compact yet powerful lithium-ion powered model, providing the necessary power and torque to conquer slopes with inclines of over 30 degrees. With the extended run times offered by lithium-ion batteries, the HiSun Sector 5kW is a dependable worker that covers distances of up to 44 miles on a single charge. This is an electric UTV that can be easily charged up overnight. The UTV itself comes with a two year warranty, however the lithium battery comes with a five year warranty.
